Nepon Tree,		

East of the Moorawarrie is a large tribe speaking the Uollaroi dialect; they have the same sectional divisions as the former, and with some variations their totems closely agree. In both tribes descent is reckoned through the mother. In gathering the particulars respecting the Moorawarrie tribe, now for the first time published, I desire to thank Mr. J. E. Miller, of Goodooga, for his willing assistance.

Stated Meeting, May 6, 1898.

Vice-President PEPPER in the Chair.

Present, 12 members.

Dr. Edward Pepper was presented to the Chair, and took his seat as a member.

A communication entitled "Contributions to a Revision of the North American Beavers, Otters and Fishes," by Samuel N. Rhoads, was presented for publication in the *Transactions*. It was referred to a Committee consisting of Mr. Arthur E. Brown, Mr. Pilsbry and Dr. Jayne.

Mr. Edmunds made a statement on behalf of the Committee on the Amendments of the Laws, and moved that when the Society adjourn, it adjourn till 3 P.M. on Friday, May 13. Carried.
